

NILE @ British Council Bogotá

NILE (Norwich Institute for Language Education), the UK's leading specialist language teacher training organisation is delighted to bring our award-winning teacher development courses to Bogotá, in an exciting and innovative collaboration with British Council Colombia.

NILE is one of the world's biggest providers of **face-to-face and online training** and development for English language teaching, in the UK and overseas. Since 1995, we have trained over **70,000 teachers from over 90 different countries**. Programmes range from short specialist courses to Cambridge CELTA and DELTA and a modular MA specially designed for ELT teachers and trainers, all now available through British Council Bogotá.

Venue and Facilities

- Located at The British Council Bogotá with a fully-equipped teaching centre and library."
- All participants have access to NILE's extensive ELT e-Library, the NILE's Members' Area and the NILE digital learning platform to access materials and keep in touch with new colleagues.

Teaching approaches

- We make courses practical and 'hands-on', with reference to contemporary theory.
- Our courses are participant-centred and collaborative, designed to build knowledge and confidence.
- We build time into the course for reflection, to consider how to adapt the content to your own professional context.

- We support you in creating a strategy for putting your ideas into practice on returning to your institution.

Certification

- Your end-of-course NILE certificate details the areas covered on your course. It comes with recommendations for sharing what you have learnt and implementing your action plan at your institution.
- Many courses can be extended to include The Trinity Certificate for Practising Teachers (CertPT) - awarded upon completing an 8-week assignment after the course, fulfilling the skills and knowledge descriptors as set out by Trinity College London.

The combination of **NILE and British Council** expertise and excellence in language teacher education will offer a range of certificated professional development opportunities for teachers from Kindergarten, Primary, Secondary and Higher Education institutions in Colombia.
