

NILE TEFL

Delta Modules

Already teaching, but want to
take the next step?

Need a deeper understanding of
why you do what you do?

Want to broaden your teaching range?

The NILE Online modular Delta could
be for you

'It deepened my awareness, gave me a confidence boost and career progression and made me a better teacher!'

The Diploma in English Language Teaching is an advanced qualification for teachers who are already working in the field. It aims to enhance your professional knowledge and expertise and sharpen your practical teaching skills.

The Delta is the most highly regarded and widely recognised qualification for experienced English language teachers, and is awarded by Cambridge English Language Assessment, part of Cambridge University. Employers across the world know and trust both the Delta and NILE.

'The modular approach allowed me to study when I wanted, and choose what I wanted to specialise in'

NILE offers a modular Delta course: you can do each free-standing, independent module when you choose. Modules 1 and 3 are delivered entirely online. Module 2 is a blend of online learning and classroom practice, all in your local setting, working alongside a local tutor drawn from our extensive trainer network.

'I managed to fit all the work in around my busy teaching schedule'

The programme is specifically designed for online delivery, using NILE's ELTons awards-shortlisted online platform. You can do the modules in any order, and take as much time as you need between each module. You will be studying between 15 and 20 hours a week, and will have frequent contact with your NILE tutor and other course participants.

'When it came to the Module 1 exam, I felt completely prepared'

Your online tutor and local tutor (in the case of Module 2) will help you with personalised, stage-by-stage guidance and reflection, offering full and detailed feedback on all your work.

'NILE's expert tutors helped me every step of the way'

At NILE we have experience in dealing with candidates from all over the world, from South Africa to Nova Scotia. No matter how far away, you will get personalised help and supervision.

'Since finishing the Delta with NILE, I've managed to improve my career prospects hugely'

Module 1

Module 1 is a 12-week course which provides in-depth consideration of key areas of language awareness and applied linguistics, including language learning theories, classroom methodology, testing and assessment.

It is exam-focused and assessed by two written exams, which test the application of the knowledge covered on the course through tasks based on authentic teaching and learning materials.

Module 2

Module 2 aims to develop your teaching skills. Classroom-focussed, it is assessed through a portfolio of locally observed lessons (each linked to a background written assignment), an externally assessed lesson and a portfolio tracking your professional development throughout the course. This portfolio also includes a report on an unobserved 'experimental practice' lesson.

You can do this module over 16 or 36 weeks, depending on your teaching situation. For either option, you will have a NILE online tutor and a local tutor, who NILE can help you to identify if necessary.

Module 3

Module 3 gives you a chance to specialise in an area of professional interest from the perspective of a course designer. The focus area is chosen from a range of 16 options, including, for example, Business English, EAP, CLIL, Teaching Young Learners, Teaching Monolingual Classes. The course planning also involves needs analysis (including diagnostic assessment), assessment of learning and course evaluation.

This module lasts for 12 weeks and is assessed by a single extended assignment.

NILE Online also delivers our flexible short CPD courses and Master's programme.
