'It was great to be in the centre of such a friendly city'

NILE has been consolidating its reputation for delivering high-quality teacher development courses in the small, friendly city of Norwich since 1995. Come and be part of this continuing story!

'The teaching centre was highly impressive'

At NILE you have access to state-of-the-art educational technology, a fully-stocked ELT reference and borrowing library and computer facilities throughout the buildings. The NILE city centre campus also boasts a garden, a roof terrace and a student relaxation zone.

'I had a chance to meet other teachers from different countries and share ideas and experiences with them'

Teachers come from all over the world to take part in NILE courses. Opportunities for international networking and lifelong friendships start here!

'The tutors listened to all our needs, answered our questions and had an expert knowledge of their subjects'

The NILE teaching team is made up of trainers who have many years' experience in their field, and have worked in multiple contexts with teachers and trainers globally.

'It was great to have two weeks on the other side of the desk – being a student instead of a teacher'

Getting out of your classroom can be a great way to learn. NILE offers a change of scene, ensuring you will go back into your class recharged and full of new ideas.

'The course was designed specifically to fit our needs'

Here at NILE we listen carefully to all of our participants, and offer training sessions that meet their specific requirements, using a combination of theory and practical application.

'The classroom experience was only part of it – we had a great time in the evenings and at weekends'

The NILE social programme team organises events and outings each week. Whether it's storytelling, guided tours of the historic city, a boat trip on the Norfolk Broads or a visit to the stunning coastline, we will help you make the most of your time in the UK.

'The family I stayed with made me feel like one of them'

In Norwich you can choose to stay with a local homestay host, improving your language skills and getting a great insight into British life. If you prefer, residential accommodation is also available on campus at the University of East Anglia.

'The whole NILE team were a great help'

From accommodation to travel to social activities to the classroom itself, NILE has a highly-experienced and friendly team who can help you with anything you may need.
